

UPDATE MAY 2010

Jumping in the moon-bounce
at the annual Aldan Funday

Hello Friends and Family!

- We have completed two "preview" services and are now looking forward to the next one on June 6th.
- Discipleship Explored has begun and the class size is an improvement from the prior two classes at Cocco's Pizza.
- We will soon be in front of Walmart again, raising support for terminally ill children and letting people know about the church.
- Next month we will have another week-long summer camp for kids in the evenings, done by Child Evangelism

Fellowship, who also helps with Sunday services.

- We continue to look for musicians and help with leading worship. We now have a job description for a worship pastor, so if you know somebody...
- Sunday night fellowship is holding strong as we continue to study covenant theology and grow as friends.
- The website is now up and running and our advertising efforts are beginning in force as we approach the launch.

PRAYER REQUESTS

- Please pray that we gain new attendees, converts, and overall momentum as we move towards our launch service.
- Please pray for our music and worship team needs and specifically for a worship leader and/or pastor.
- Please pray that God would be glorified and pleased to use us for His purposes and that we will properly discern His desires for this church and ministry.
- Please continue to pray for our family's health, education and overall development.
